ERP SYSTEM FOR COLLEGE

GROUP MEMBERS:

Shambhavi kulkarni
Pooja Maniyar
Sayali Jadhav

ABSTRACT:

- The system will be used by four people, which are Admin, Teacher, Librarian and Student.
- Admin can login using valid credentials and perform various task such as Adding a Teacher, Student and Librarian and also can view them.
- Admin can also add Time Table and Event details. System allows admin to view book request received from librarian.
- Teacher can login and perform various task such as add assignment, mark attendance, upload result and view event.
- Librarian can login and perform task such as adding a single or multiple books, view added books, request a book, issue a book to students, return issued book from student and view event.
- Student can access the system by providing valid credentials access modules such as viewing their own profile, view books, view time-table, assignments, result, attendance and event.
- Super admin is the root node who adds the colleges into the system with their details. Also can view/delete a college from the system.
- Proposed system is easy to understand and user friendly too.
- In that system admin who handle the data.
- Admin can take information regarding fee detail.

- Students ,teachers, admins can mail documents with each other.
